Mile High Labs
697 N. Denver Ave., Ste. 132
Loveland, CO 80537

To Whom It May Concern:

Mile High Labs, the manufacturer of **Distillate, Isolate, and Crude Oil**, industrial hemp-derived products, has submitted written information to the Public Health Inspections Division of the Denver Department of Environmental Health ("the Department") regarding their manufacturing facility and processes. The submitted information was reviewed to determine if Mile High Labs' manufacturing facility operates under comparable sanitation standards as is required for Denver food manufacturers. Based on the submitted information, the Department considers Mile High Labs' manufacturing facility in Loveland to be an approved source facility that appears to meet minimum standards set forth in the Denver Food Establishment Regulations.

Mile High Labs is approved to sell the above noted hemp products in Denver. Any changes to the production facility or processing of the above noted product may result in a change to this approval. Furthermore, approval may be rescinded or conditions adjusted at any time if new information becomes available about risks of the product. Any changes to the processing facility or the above noted product must be submitted in writing and approved in advance by the Department for continued approval to sell the product in Denver.

Please note that the jurisdiction of this Department applies to the City and County of Denver only, and the scope of this approval applies to Mile High Labs' sold in Denver. This Department has no direct authority over the Mile High Labs manufacturing facility in Loveland.

The Department recommends maintaining this approval, available upon request, and providing a copy to Denver businesses where the product is sold. A second copy will be maintained on file at the Department.

Kind regards,

A handwritten signature in black ink that reads "Danica Lee".
